

GROUP-4: WEEK 13-B

Index card 1:

Facilities and Equipment

Adequate space for various types of making activities such as woodworking, metalworking, electronics, and textiles.

Quality equipment and tools for each type of making activity, including CNC machines, laser cutters, 3D printers, sewing machines, and more.

Storage space for raw materials and finished projects.

Index card 2:

Community and Resources

A diverse and inclusive community of makers who share ideas, knowledge, and skills.

Access to expert mentors who can provide guidance and support for various types of making activities.

Opportunities for networking and collaboration with other makers and local businesses.

Access to funding and resources to support makers in developing their ideas into businesses or products.

Index card 3:

Events and Programming

Regular workshops and classes on a variety of making topics.

Guest speakers and industry experts who can provide insights into the latest trends and innovations in various making fields.

Special events and showcases highlight makers' work and provide opportunities for public engagement and education.

Index Card 4:

Space and Equipment:

A Maker's Asylum requires a space that is equipped with all the necessary tools and equipment to facilitate various creative processes. This should include items like 3D printers, laser cutters, woodworking tools, sewing machines, and electronics prototyping equipment.

Community: A successful Maker's Asylum requires a community of like-minded individuals who share a passion for making and creating. This community should be supportive and collaborative, allowing members to share ideas, skills, and knowledge.

Workshops and Classes: To encourage skill development and promote new interests, the Maker's Asylum should offer a variety of workshops and classes. These can range from introductory classes to more advanced topics and should be led by skilled instructors.

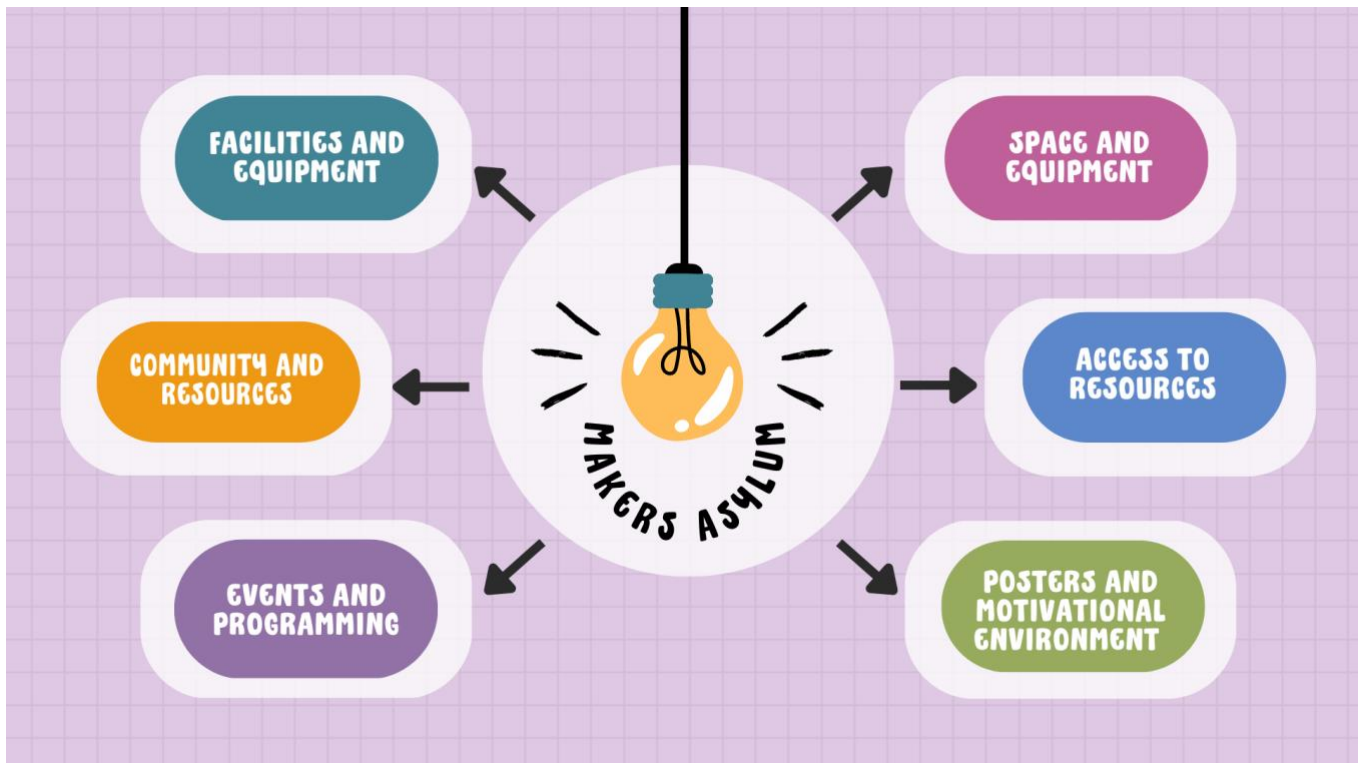

Index Card 5:

Access to Resources:

A Maker's Asylum should provide access to resources like materials, funding, and mentorship to help members turn their ideas into reality. This could include partnerships with local businesses or grants to fund projects.

Events and Exhibitions: Hosting events and exhibitions can be a great way to showcase the work being done at the Maker's Asylum and build community engagement. These events can be used to inspire new members and promote the Maker's Asylum to the wider community.

Diversity and Inclusion: To ensure that the Maker's Asylum is a welcoming and inclusive space, it is important to prioritize diversity in all aspects of its operations. This includes efforts to reach out to underrepresented communities and provide resources to support their involvement in the Maker's Asylum.

TEAM-MEMBERS:

1. DEVANSH DESAI - 220905368
2. SNIGDHA SAHA - 220905124
3. ISHIKA - 220905140
4. SHIVANG GULATI - 220905264
